# We the People Count Down To Constitution Day

## OUR COMMONWEALTH IS IN CRISIS ★ WE MUST SAVE OUR COUNTRY

We take seriously the most solemn oath every member of Congress takes to “support and defend the Constitution of the United States against all enemies, foreign and domestic.” Today we act for our Constitution. All across America citizens will gather on September 17th, Constitution Day to demand the restoration of justice. For events near you see [NationalImpeachment.org](http://NationalImpeachment.org)

The primary counts against Bush and Cheney are: Bush-Cheney knew there were no Weapons of Mass Destruction before the invasion of Iraq. They lied us to war, forged a document attempting to show a connection between Saddam Hussein and al-Qaeda when there was no connection, and authorized Torture in violation of U.S. and International laws. **George Bush and Richard Cheney Committed Treason against the United States. Bush And Cheney Are Traitors To America. They Committed Criminal Acts Against The United States. They Must Be Impeached and Removed From Office to Stop Them From Doing More Harm to Our Country and Our World.** They are guilty of extra-legal spying on Americans in violation of FISA laws, destruction of Congressional oversight, and of the Great Writ of Habeas Corpus, illegal violations of the rights to assembly, free speech, free travel, and redress of grievances. They are guilty of **Corruption** — profit gouging American taxpayers by private armies and inflated private Iraq reconstruction contracts. They are responsible for 4,145 American dead in Iraq as of August 19th, over one-million Iraqis killed in an illegally initiated war. They switched the Patriot Act bill illegally before its vote to create a bill with provisions that subvert our Constitution. Bush and Cheney plan to contrive an incident to justify a new attack, this time on Iran.
